

# NVA Vulvodynia Reference List

## Usage Directions

The Microsoft Excel file, *NVA Vulvodynia Reference List*, contains references to articles published in medical journals as well as abstracts presented at scientific meetings. The file contains 11 different Excel worksheets; the first is a complete list of references arranged in alphabetical order and the following 10 worksheets are subcategorized reference lists (e.g., prevalence, treatment). To view a different worksheet, click on the name of the sheet (see location marked by red arrows on the diagram below).
